Illinois' largest and most significant LGBT rights advocacy group, Equality Illinois PAC, announced yesterday its endorsement of Don Nowotny, candidate for 46th Ward Alderman.

After their remarkable success in Chicago, Cook County and Springfield for 20 years, Don Nowotny is proud to receive Equality Illinois PAC's support and honored for their recognition of his nearly three decades of support for the principals of LGBT equality.

"As Ward Superintendent, Don Nowotny has been a leader and trusted public servant for the 46th Ward for nearly 16 years," said Art Johnston, President of Equality Illinois PAC. "Don is the candidate who will know how to get the job done from Day One."

"Don has also been a leader in the GLBT community and a stalwart supporter in the fight for equality for decades," - added Jeremy Gottschalk, President of Equality Illinois, the affiliated 501(c)(4) organization of the Equality Illinois PAC. "We are proud to endorse Don Nowotny for Alderman of the 46th Ward."

"The GLBT community has historically been an important part of 46th Ward," said Nowotny. "Having the support of the Equality Illinois PAC in this campaign is an honor for me personally and is a sign to all residents of the 46th Ward that I am committed to the tenets of equality under the law for all residents."
